

## BERINO SCHOOL TO BE REBUILT

Insurance of \$7500 Was Carried on Building That Burned Thursday.

Berino, N. M., Dec. 15.—Insurance amounting to \$7500 was carried on the new school house which was destroyed by fire yesterday. The value of the building and its contents exceeded \$10,000. Already plans are under way for rebuilding but arrangements will have to be made for quarters for the school until the new building can be completed.

**Bridge Approach Washed Out.**  
The west side approach to the Vado bridge was washed out by the recent high water.

A stock yard is being built on the east side of the railroad track to accommodate the stock shipments.

The wood industry is thriving and several cars a day are shipped to the army camps.

## SIMPLE CEREMONIES TO MARK SCHOOL CORNERSTONE LAYING

Anthony, N. M., Dec. 15.—Because of the cold weather, only simple ceremonies will mark the laying of the cornerstone of the new school building. The Masonic services will be held with H. R. Houshield from Las Cruces presiding.

Mrs. Ramon Sanchez, aged 36 years, died of pneumonia. Interment was in the Catholic cemetery. She leaves three children. Mr. Sanchez is foreman of the J. S. Brooks ranch.

## CORRECTED TAX ROLLS ARE DELIVERED TO COLLECTOR

The corrected tax rolls, made necessary when the tax rate was changed through the action of the county commissioners, from \$1.10 to \$0.80, have been delivered to county tax collector Del Hickey by county tax assessor John T. Cain.

The change was brought about when the \$40,000 bond issue was voted to take up the 6 percent scrip that had been contracted for the completion of the new courthouse. About 175,000 corrections were made in the rolls.

**Again We Say—Don't Delay.**  
Only one day more to send "Jingles" to us.

So please hurry up, have no reason to fuss.

On December 25th, when the prizes you see hanging on the HERALD'S "Jingle Christmas Tree,"

Get busy! Get busy! Again we say: And send them in without delay.

## SCOUTS TO HAVE CHRISTMAS FETE

Old Time Treasure Hunt and Field Day Exercises to Feature This Week

The headquarters of the El Paso Boy Scouts is engaged on plans for the big field day and other events to be held during the Christmas holidays, beginning December 26.

The first event will be "an old time treasure hunt," and will start at 9 o'clock Tuesday morning. This hunt will be lacking in none of the exciting essentials of a similar hunt in the earlier days. There will be a sure-nuff treasure and there will be sure-nuff boys going right after it. However, a boy will have to be up and doing if he is to become a member of his troop and he must know all the signal codes and methods of trail-ing. That is, each troop must have members who know all of these as a group who will represent the troop.

One may know a telegraph code, another the points of the compass, and another trailing. Each troop will elect or be represented by eight boys. The names of these boys will be handed in to the scout executive by December 23.

The second day will be field day for December. The following events will be carried out as competitive troop work.

**First aid:** Teams necessary—Stretch-ers, four boys with two slaves, rollers, bandages, triangular bandage. Each boy will begin now on a paper on the second requirement for elementary first aid as directed in the handbook for boys for the second class degree. This paper must be handed to the scout executive as the team begins its work.

**Push of war:** One team of 22 boys from each troop. No representative will weigh more than 120 nor will the team average more than 110 pounds.

**Water boiling contest:** This will require eight boys from each troop. Each team will be given a half barrel of water. He will bring the wood in not more than two pieces which must not weigh more than three pounds. The team which boils the water in the least time will not be forgotten. Each boy will remember this time to bring an axe and knife.

**Staff race:** Same conditions as governed the last meet.

**Scouts' pace:** This will be the final event and reason of the poor showing at the last field day. Many practices will be held in order to get this down better. Each troop may enter 12 in this. Four will be the least number.

The last mass hike of the year will be on December 27. It will be over the old trail and will necessitate each boy taking plenty of water, although the distance will be somewhat shorter than the first hike over this route.

Just to show the other troops that troop No. 2, Sunset-Balley, is very much alive, Scoutmaster Weaver had the last meet in the auditorium of the chamber of commerce Thursday night and there it was that the troops as a whole showed evidence that they must always be seriously considered in competitive contests, and scouting in general.

The junior high school troop, under the leadership of Messrs. White and Kellogg, will meet at the Christian church, Franklin and Oregon streets, at 7 p. m. Friday.

**WOMAN HELD FOR AN  
ASSAULT ON HUSBAND**

Mrs. Harriet Holmes, wife of retired Sgt. Lewis H. Holmes, has been arrested, charged with assault to murder her husband, who was seriously shot during a fight at the city jail.

The date for the preliminary hearing has not been set, the authorities awaiting the outcome of Holmes' trial.

Sheriff Seth Orndorff made the arrest and found a revolver containing three loaded and two empty shells. One shot is said to have taken effect on Holmes.

The wounded man was employed in the quartermaster's corps at Fort Bliss, and before his retirement was a sergeant in company G, of the 25th infantry.

Holmes is now at the base hospital at Fort Bliss.

**OFFICER THROWN WHILE  
CHASING A SPEEDER**

Motorcycle officer S. W. "Jack" Litchfield had a narrow escape Thursday afternoon at 5:15 o'clock when he was thrown from his motorcycle at West Missouri and Los Angeles streets, while attempting to catch a speeding automobile. Officer Litchfield was taken to the emergency hospital by motorcycle officer M. F. Scherer, also chasing the traffic violator, and was found to have been uninjured except for a few bruises on the side. The automobile, which was being pursued by the officers, did not have a number on its car, according to their statement.

**Don't Be Blue  
Over Pimples**

Stuart's Calcium Waters Will Soon Put the Stamp of Beauty on Your Cheeks. Cheer Up.

No matter how bad your skin may be, Stuart's Calcium Waters will quickly work wonders with it. It's good-bye to blackheads, pimples, acne, boils, rash, eczema and a muddy "filled-up" complexion.

They contain no poisonous drug of any kind, are perfectly harmless and can be taken with absolute freedom, and they work almost like magic. Calcium sulphide, their principal ingredient, is the greatest blood-cleanser known to science.

So don't be blue, don't despair, get a 50 cent box of Stuart's Calcium Waters today at any drug store in the United States and soon you will have a beautiful complexion as you ever wished for. Fill out the coupon for a free trial package.

—Believe Me, I Am Glad Those Pimples—

## TO MAKE ROADS AND SOUTHWEST

Twitcheil Tells of Enthusiasm of 3200 Autoists in Ozark Trails Movement.

By GUTHRIE SMITH.  
Santa Fe, N. M., Dec. 15.—To witness our unrivaled climate and great scenic wonders, we need the same close-knit, effective organization that would be required in selling dry goods and groceries—we will have to have an agent or salesman to let the public know how great are our attractions. The speaker was Col. Ralph E. Twitcheil, he was relating his experiences and observations to the Santa Fe chamber of commerce, with respect to his recent trip to Oklahoma City, where he represented New Mexico as a delegate and lecturer at the annual convention of the Ozark Trails association.

He laid especial emphasis upon the importance and necessity of building hard surfaced roads for automobile travel, particularly to New Mexico and the southwest.

**Dependable Roads Needed.**  
The paramount issue before the people living east of the Rocky mountains is the building of hard surfaced roads, which will be good and passable for automobile traffic during 365 days of every year. Roads must be dependable and must be known to be dependable. Such roads are next in value, in the upbuilding and development of districts, to the building of new railroads.

The Ozark Trails association is an organization composed of the people of Missouri, Kansas, Arkansas, Oklahoma, New Mexico and parts of Texas. These people are striving for the building and improvement of a fine automobile highway through their states and leading westward through New Mexico and into western Texas. They are very much in earnest and are working hard to bring about the conditions which they deem to be practicable, as well as highly desirable. There were 10,000 delegates in attendance at the convention in Oklahoma City. Now I am able to illustrate the truth of my statement as to the value of good automobile roads. Of the 10,000 delegates, three-fourths came to the convention in automobiles. They were actually registered at that convention 2200 automobiles owned outside of Oklahoma City. It is not hard to foresee the result, when so many determined people are working to accomplish a certain result.

**Looking to New Mexico and El Paso.**  
The largest auditorium in Oklahoma City seats 5000 people, and at every session during the three days of the convention, it was filled, not with residents of the city, but with bona fide delegates to the convention. Many of the delegates personally told me afterwards that in another year they certainly would include New Mexico and El Paso in their itinerary.

Active as is the scheme of this organization, interest in the building and maintenance of good automobile roads is yet in its infancy. It is growing rapidly and will continue to grow. While I was at the convention, United States senator Robert L. Owen told me that the sum of \$55,000,000 which the central government has appropriated for a system of national roads is a mere bagatelle, that ultimately the United States will spend hundreds of millions of dollars for good roads.

**Next Convention at Amarillo.**  
The next convention will be held in Amarillo, New Mexico, helped to bring the convention to Amarillo, feeling that the interests of the southwest are identical with ours. Between now and June, when the Amarillo convention will be held, Santa Fe ought to secure the active interest and cooperation of every chamber of commerce and commercial club in the towns which are interested with a view to securing to Amarillo with a big delegation prepared to make a New Mexico demonstration.

**HEART DILATION KILLED MAN;  
DR. G. WERLEY IS ABSOLVED**

Following an inquest lasting all day Thursday, coroner A. J. Hall rendered a verdict that Robert Stidolph, aged 35 years, died of acute dilation of the heart. Stidolph died Wednesday night in the emergency hospital, a short time after he stepped against the rear of a touring car driven by Dr. G. Werley, at San Antonio and Stanton streets. He was a member of the local Cooke and Waiters union and had been in El Paso for about three months.

Coroner Hall stated that a post mortem of the body of Stidolph had been held by Dr. J. A. Hardy, who stated that the bruise which the man sustained in the automobile accident was of no consequence, and that he died of acute dilation of the heart. Dr. Werley was vindicated of all blame by the verdict of coroner Hall.

**WOMAN IS HUNTING  
FOR PUGILISTIC SON**

Mrs. Ottilie Sides, of El Reno, Okla., is anxious to locate her son, Joe Sides, a prize fighter, according to a letter received by police chief B. J. Zabarskie Friday morning.

Sides is believed to have come to El Paso from Albuquerque, where he was several weeks ago, in order to get a match before the local boxing club.

**BODY OF WOMAN WHO DIED  
OF AUTO INJURIES INTERRED.**

Funeral services for Mrs. May Benjamin, aged about 45 years, were held at the chapel of the Peak Undertaking company, after services at 1 o'clock, Rev. O. J. Wade, of the Calvary, Houston square Baptist church, officiating. Mrs. Benjamin sustained injuries in an automobile accident on Wednesday morning that resulted in her death a short time later. Interment was made in Evergreen cemetery.

Mrs. Benjamin is survived by her husband, F. H. Benjamin, of Jasper, Texas, and three daughters, Miss Gertrude, Benjamin, of El Paso, Miss Katherine Benjamin, a student of the high school, and Miss Margaret, a student at the Alta Vista school.

**W. A. COPENHAVER DEAD.**  
W. A. Copenhaver, aged 77 years and unmarried, died Friday morning at 6 o'clock at a local hospital. The funeral will take place Saturday morning at 10 o'clock from the East El Paso Presbyterian church. Rev. A. A. Davis, assisted by Rev. W. M. Fairley, will officiate.

Deceased is survived by one sister, Miss Mary Copenhaver of Richmond, Va., and three brothers, K. C. of El Paso and Bruce and Benjamin of Marion, Va. He was a member of the Copenhaver Coal company and was post worthy secretary of the local aviators order of Eagles.

**LOUELLA BLANTON FUNERAL.**  
Louella Blanton, aged 25 years, died Friday morning at a local hospital, following a brief illness of pneumonia. Deceased is survived by her father, James Blanton, a younger brother, and a sister, Mrs. W. Tripp. The body will be shipped to the former home of the deceased, in Big Springs, Texas, Thursday night by the McBean, Simmons and Hartford Undertaking company.

**IN MEMORIAM**  
Notice under this heading accepted for publication at the reading notice rate. To the many loving friends we wish to extend our thanks for their kindness in our sorrow.

Mrs. Josephine Forbush, W. H. Forbush, Jr., J. O. Forbush.

**RUBBISH FIRE DOES NO HARM.**  
A pile of burning rubbish in the basement of the Van hotel caused the fire company at the Central station to make a rapid run Friday morning. No damage was done.

# The White House-A Store of Courtesy Offering Unusual Christmas Service Week-End Specials
